

# Skills needed to a be a Historian

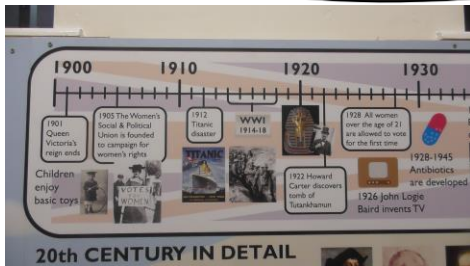

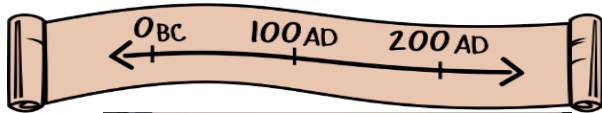

We are **Handy Historians**. We can use these 5 skills to help us learn about significant events from the past.

**Enquiry** – explaining the importance of past events.

**Sources** - photographs and artefacts.

**Chronology** – we can use a timeline.

Chronology is the arrangement of dates or events in the order they occur.

**Making Connections** - Can you start to compare and contrast different eras in History?

**Questioning** - We can ask and answer questions.

For example: Why do you think Grace Darling chose to risk her life by rowing into the rough sea?
